RE: 2021-22 Opt IN: Data Errata

To Whom it May Concern,

It has come to our attention that while Kenosha Lutheran Academy did Opt IN and submit data for all students for the 2021-2022 snapshot and report card, only our Private School Choice Program participant data was reflected on the All Students Report Card. This data should have included all 190 students in attendance instead of just the 108 PSCP participant data and scores. The Student Groups, Score Summary, and Priority Area Scores would all reflect differently with the correct data.

Our All Student Enrollment on the *2021 September Count Date* should be as follows:

K4: 5  
K: 16  
1st: 24  
2nd: 16  
3rd: 21  
4th: 22  
5th: 15  
6th: 25  
7th: 26  
8th: 20

Please accept this letter as notification of the error. We appreciate your assistance with this.
